Re: Tideflats Interim Regulations

Dear City Leaders,

I am writing on behalf of the North End Neighborhood Council to encourage you to reconsider the Planning Commission's recommendations for the Tideflats Interim Regulations, specifically to restore the reasonable limits on the expansion of existing facilities.

While we appreciate your efforts to reach a compromise solution for the regulations, the Planning Commission's members also worked to find a compromise, and in their process, they received input from a large number of individuals and organizations, the NENC Board included. Their process was long, and it was a process that invited meaningful public comment.

Ultimately, we want the sub-area planning process to be successful. Although that process might also lead to compromises for everyone involved, it's a process with the potential to produce the best possible future for the tideflats and for the city. We are hopeful that while that process proceeds, the interim regulations won't allow any undermining of that future.

Again, please reconsider the Planning Commission's recommendations. As always, thank you for your interest in making Tacoma a great place to live, work and play.

Sincerely,

Kyle Price
NENC Chair, on behalf of the NENC
